A facilitator's note · 2019

1

Confidentiality

What is shared in the room stays in the room. Names, attributions, and specifics do not leave with you.

2

Generous attention

Listen before responding. Assume the speaker has spent more time on the question than you have.

3

Disagreement, not disrespect

Push hard on the idea, never on the person. Your strongest critique should land as a gift.

4

One mic at a time

No side conversations during plenaries. The room only works if everyone is in it.

5

Care for the convening

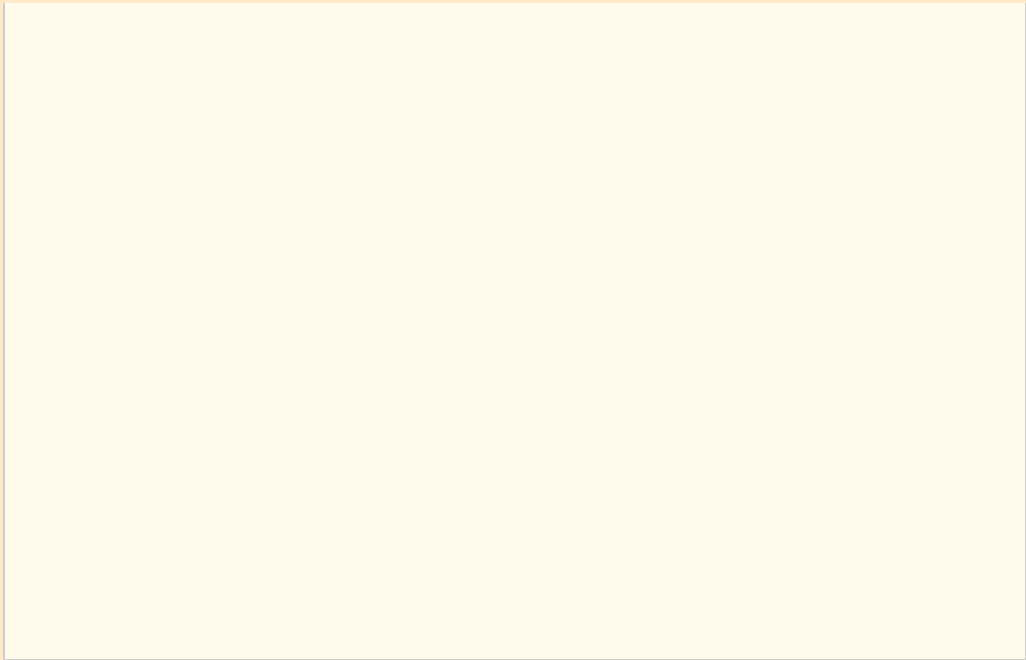

Phones away, devices down, presence on. We've earned the right to be undistracted.
