

1 Front cover · revised — framed, titled, banded · single page, 6 × 9

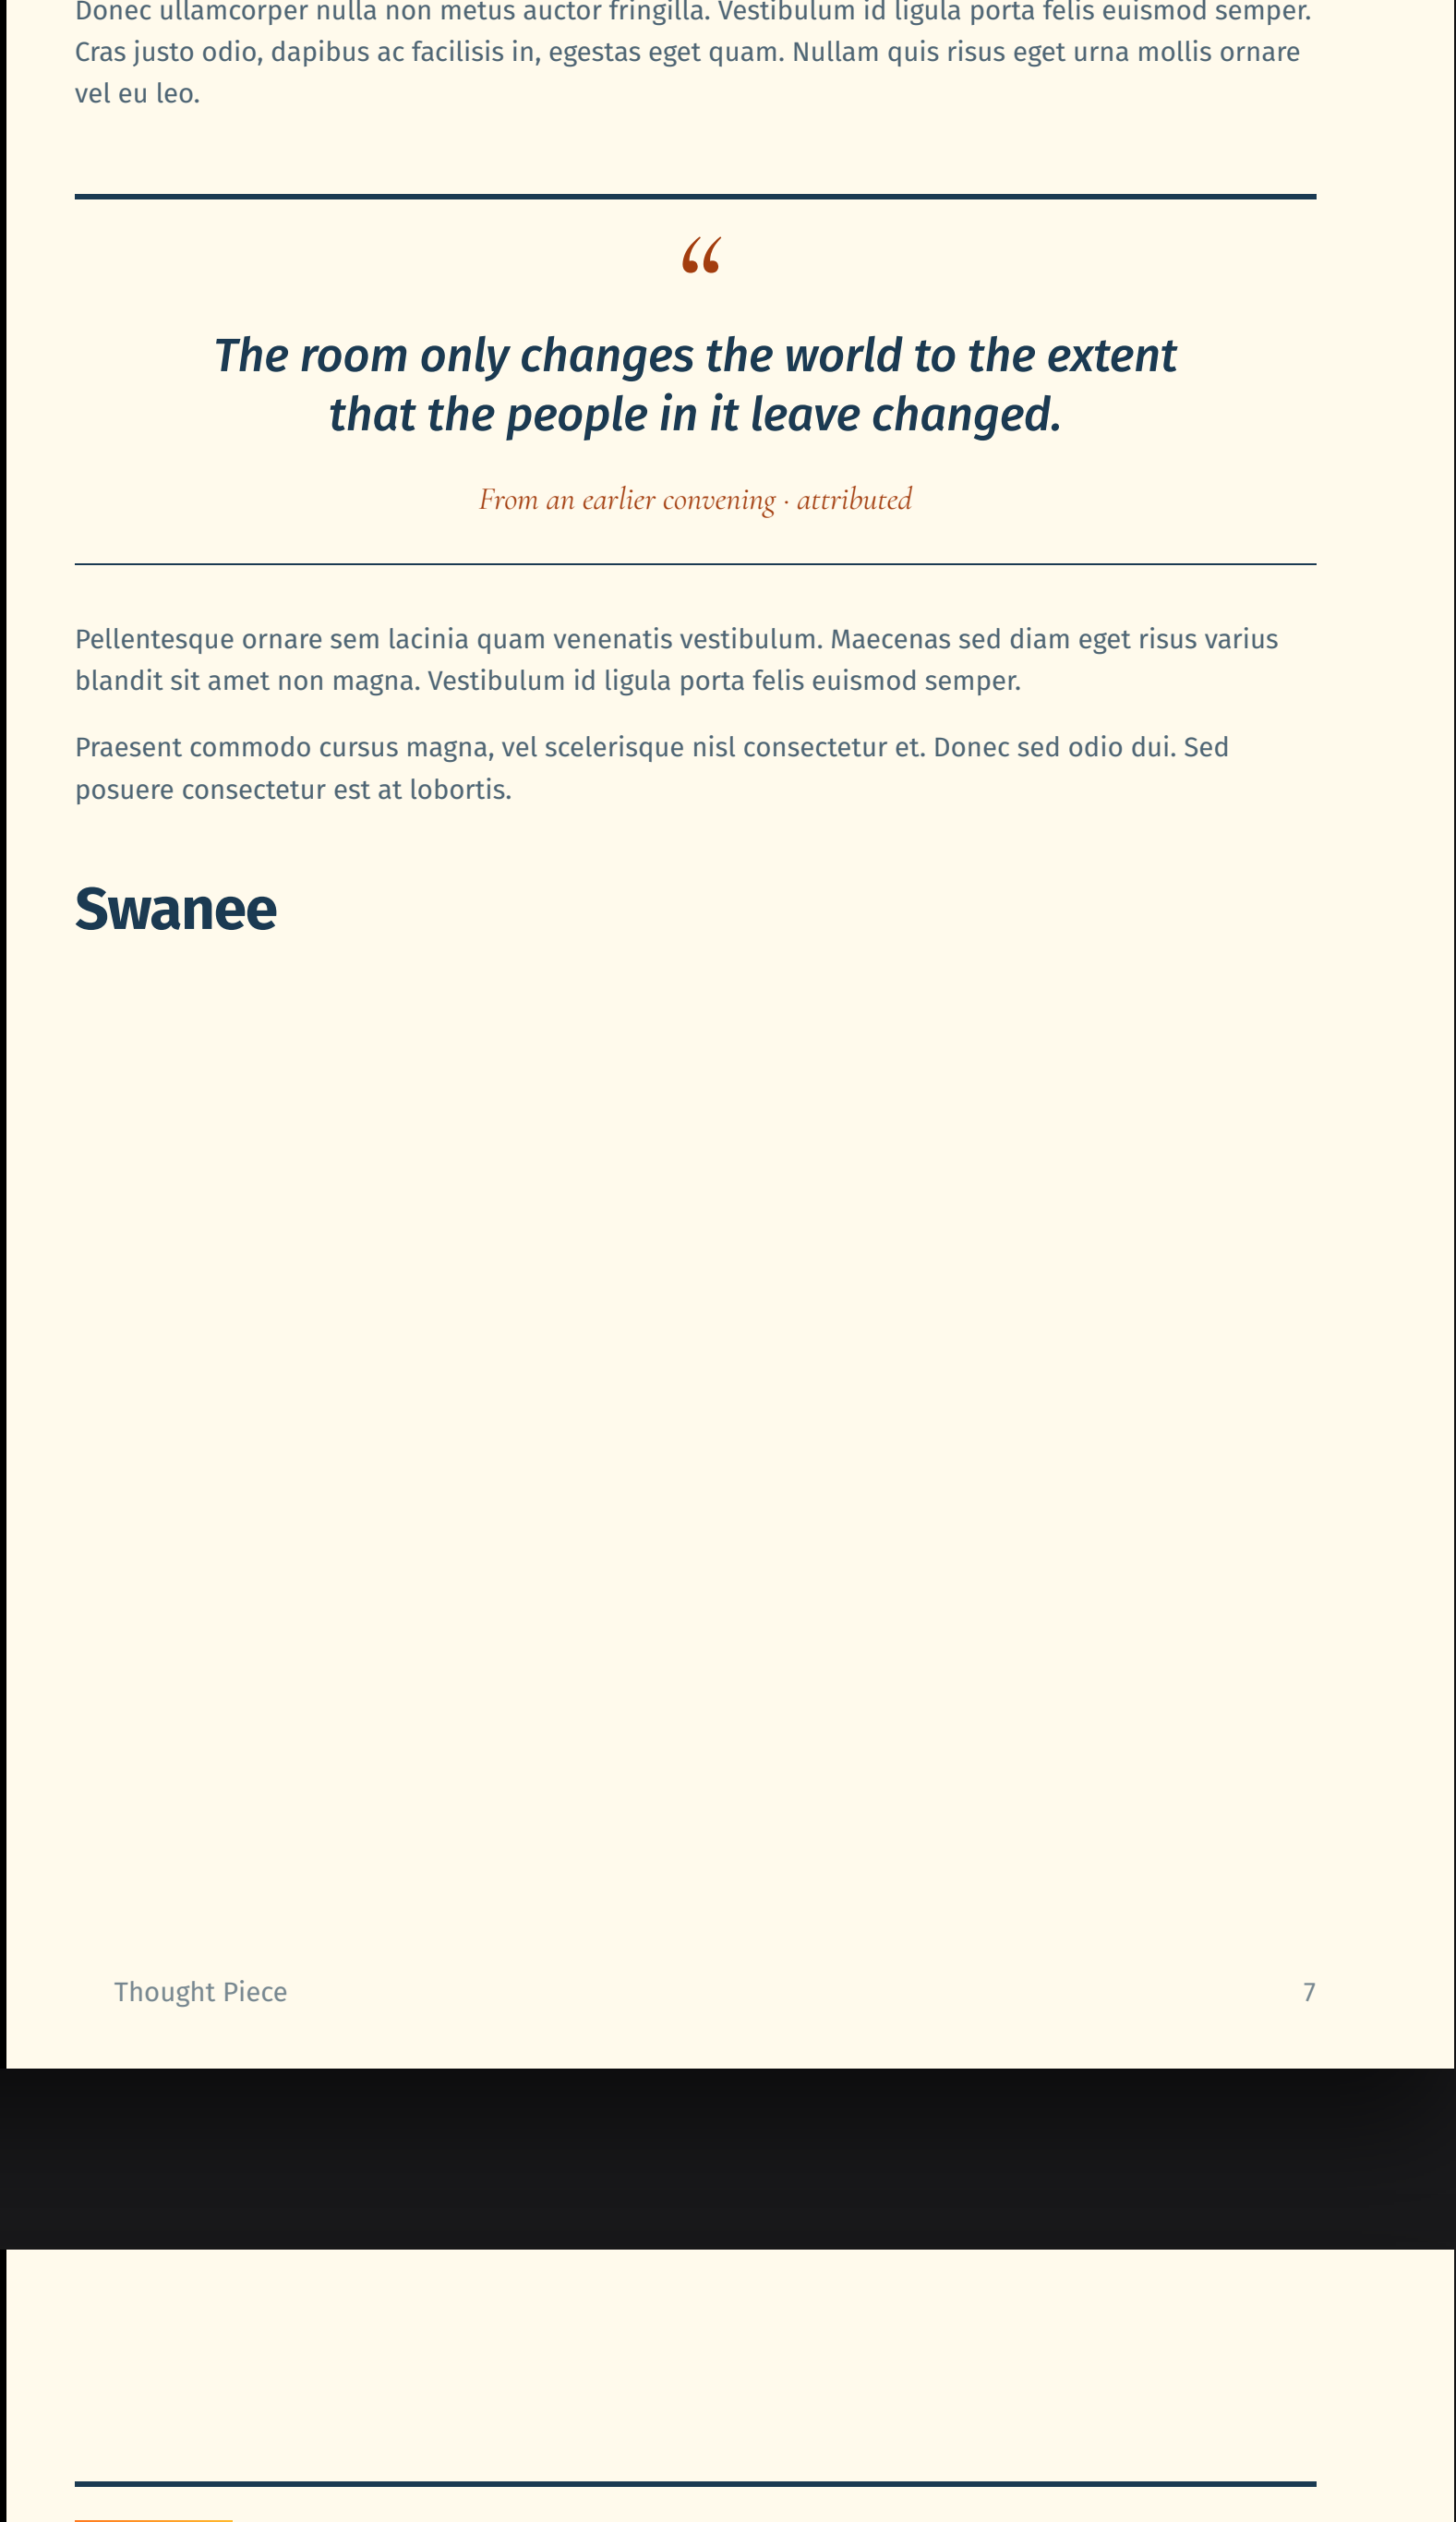

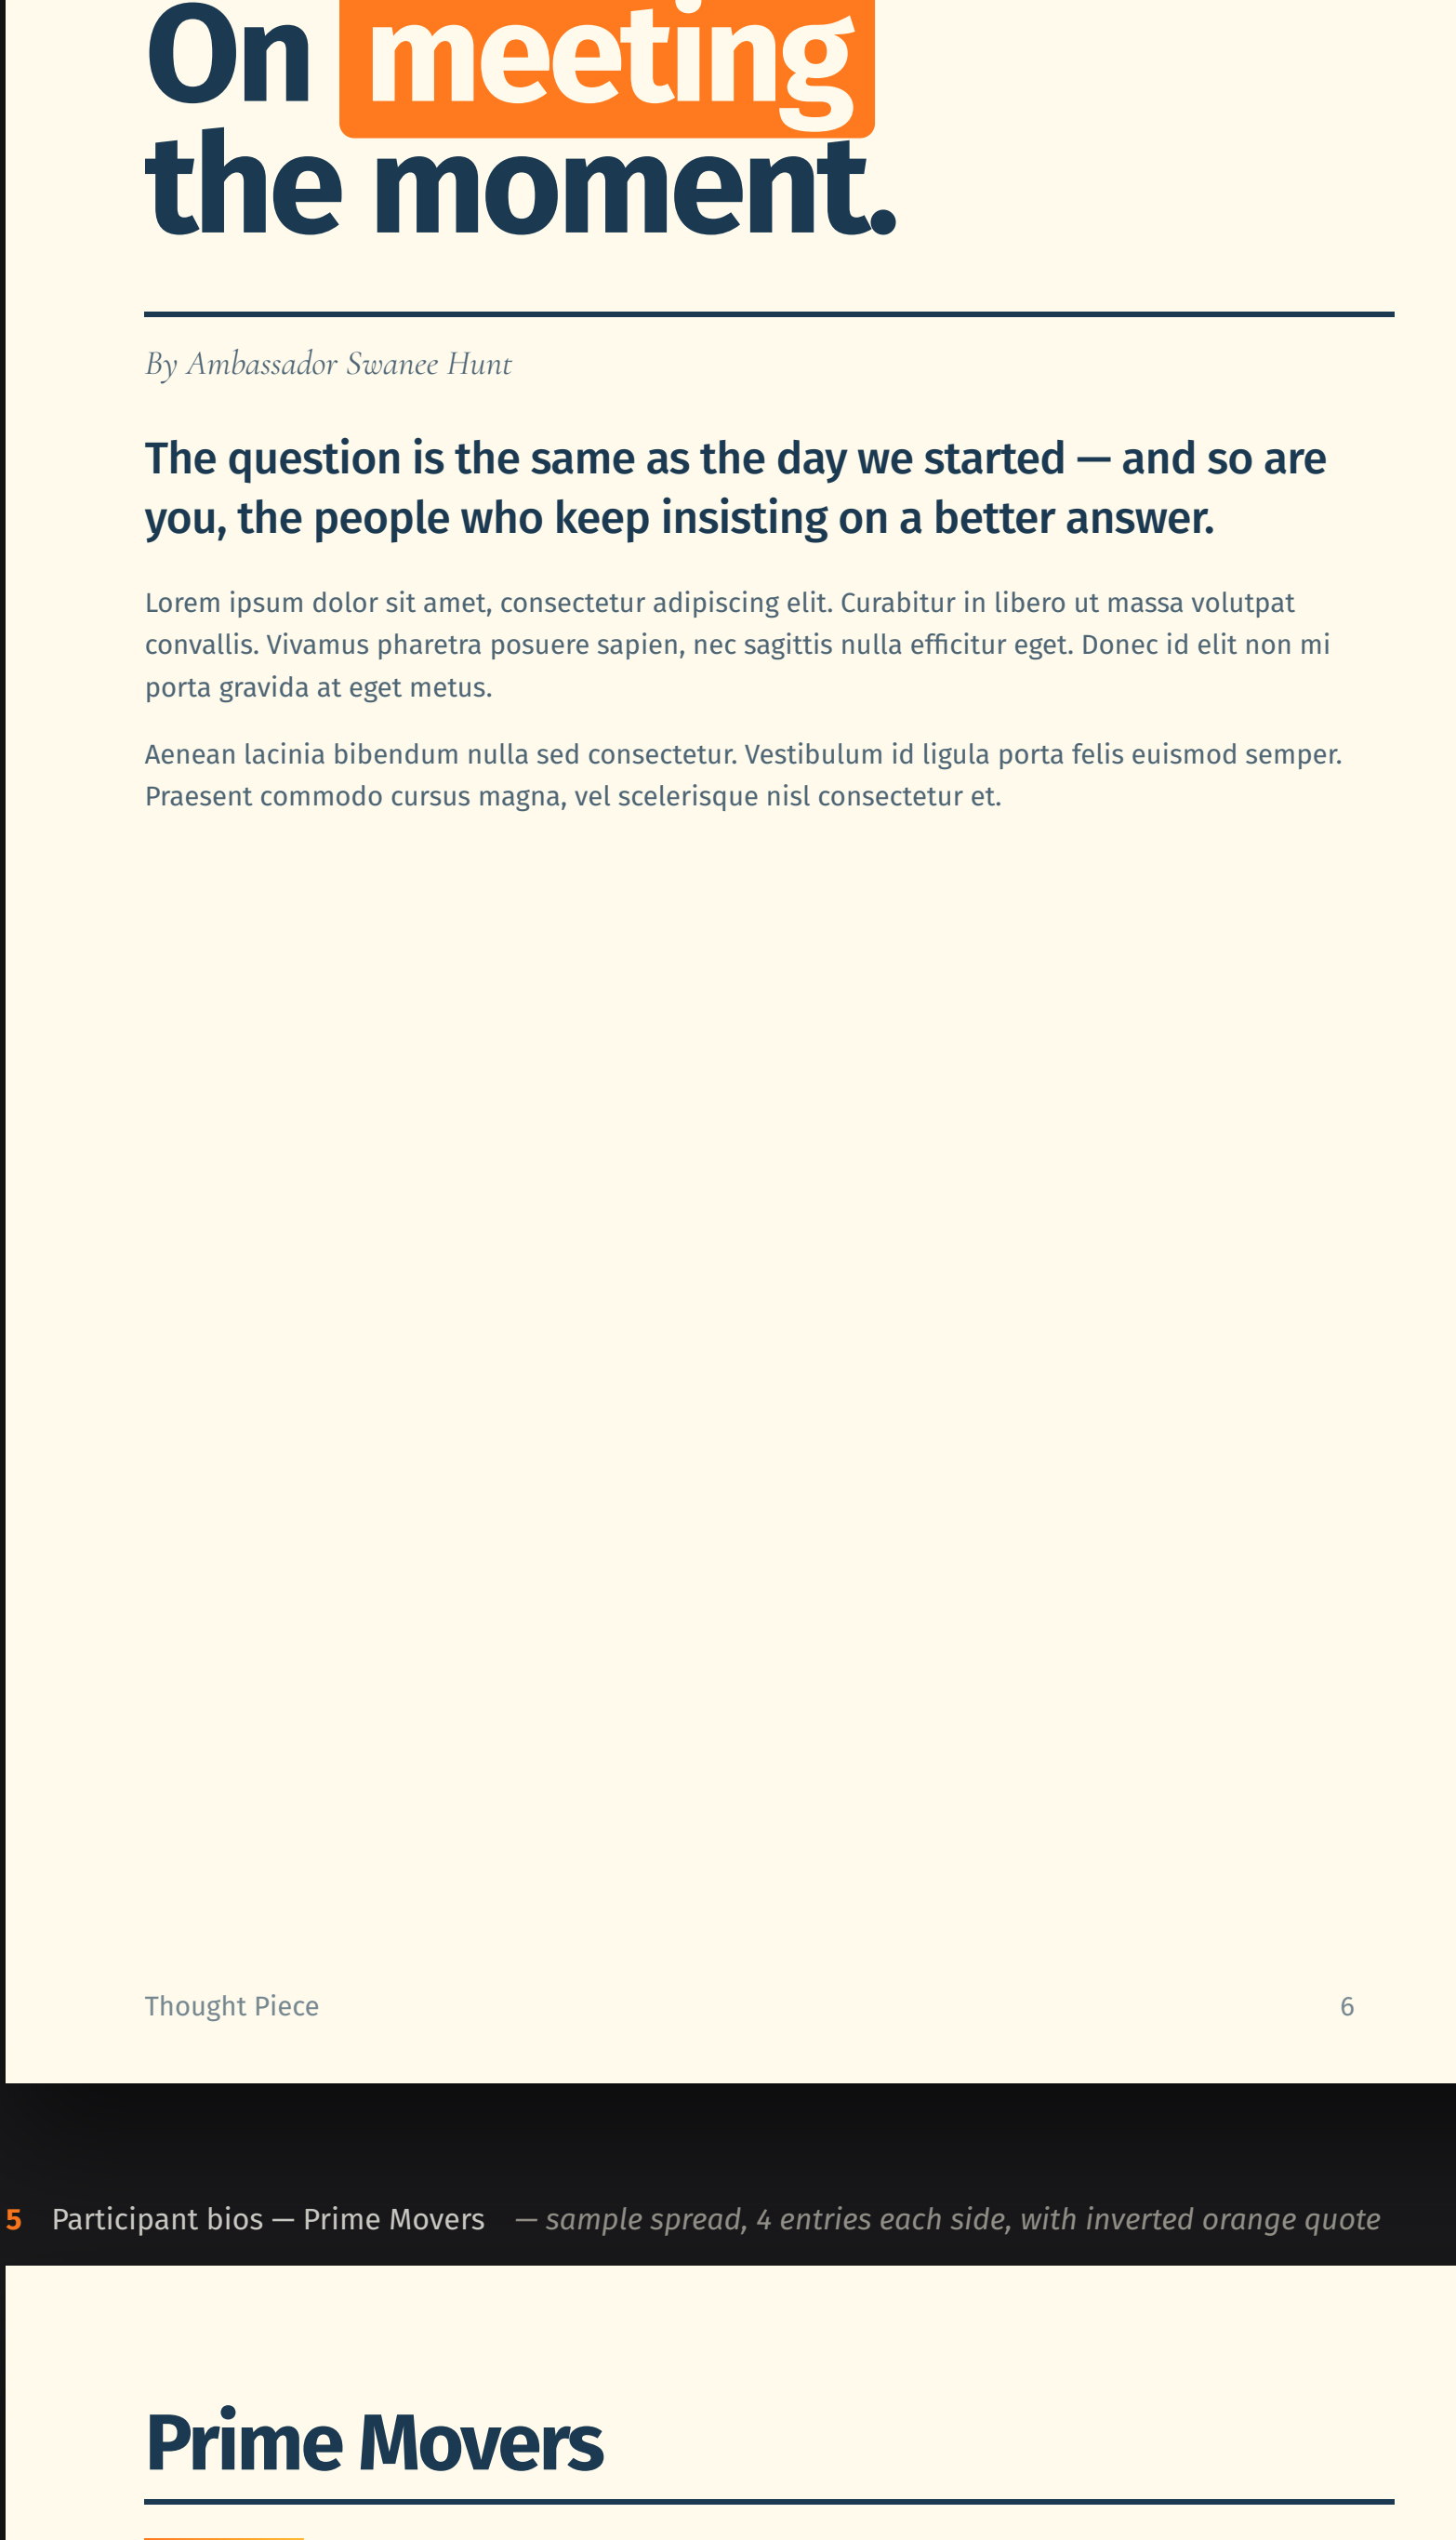

2 Welcome — Ambassador Hunt — left: amber pull-quote panel · right: letter

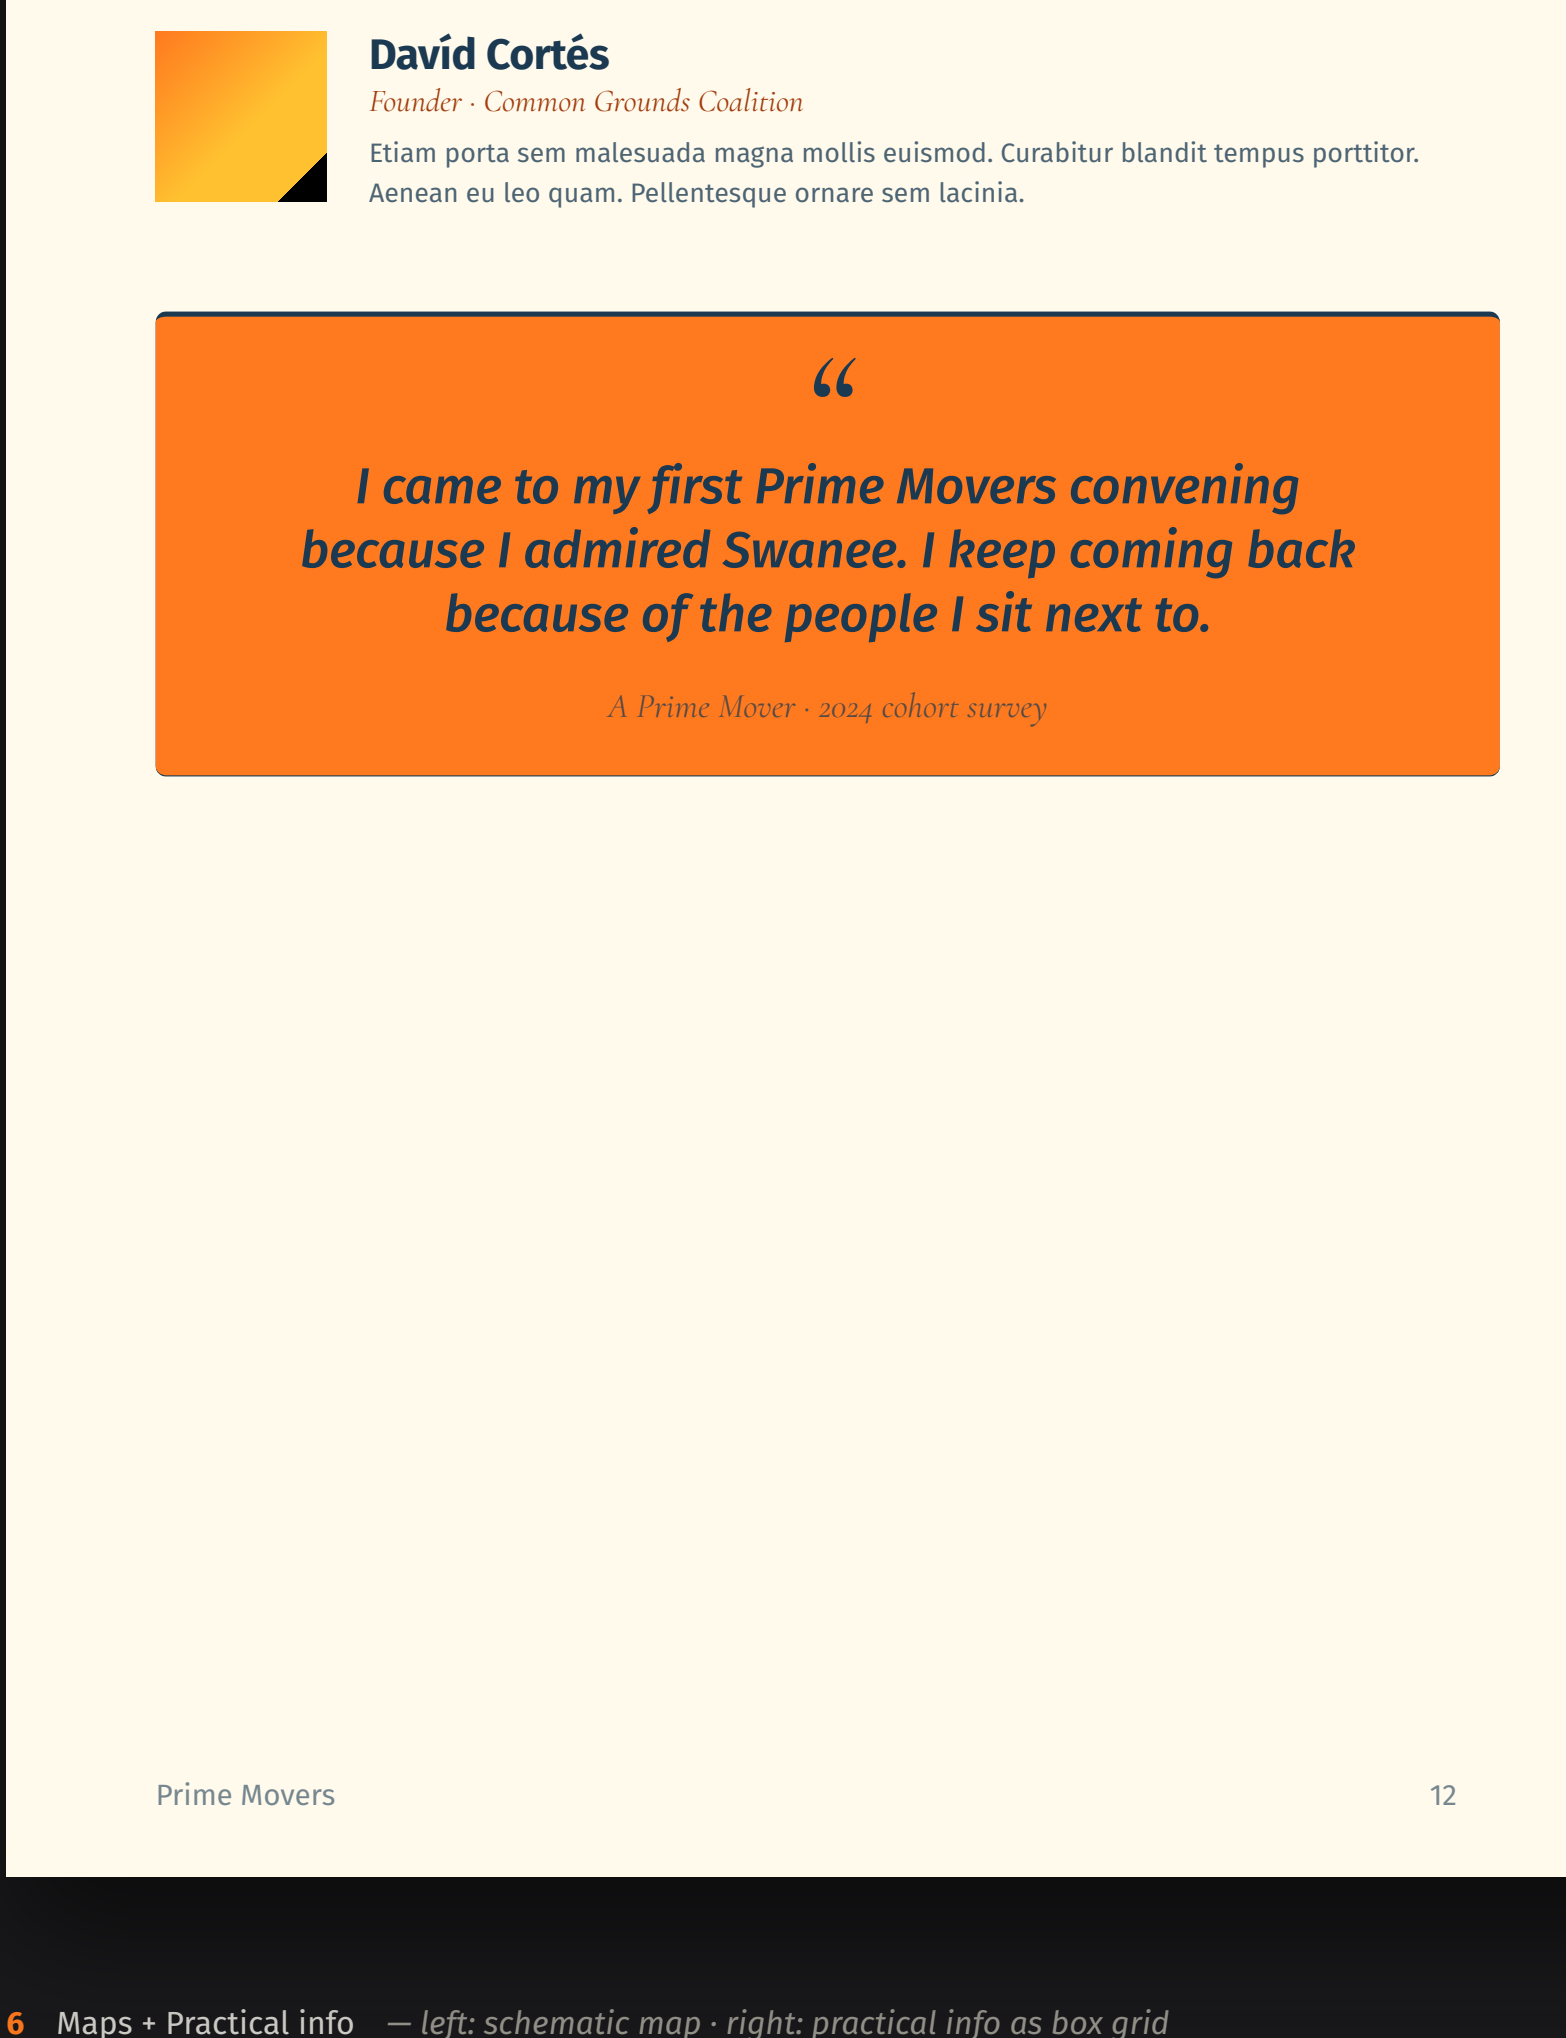

3 Welcome — Giovanna Alvarez Negretti — left: practical letter · right: at-a-glance panel

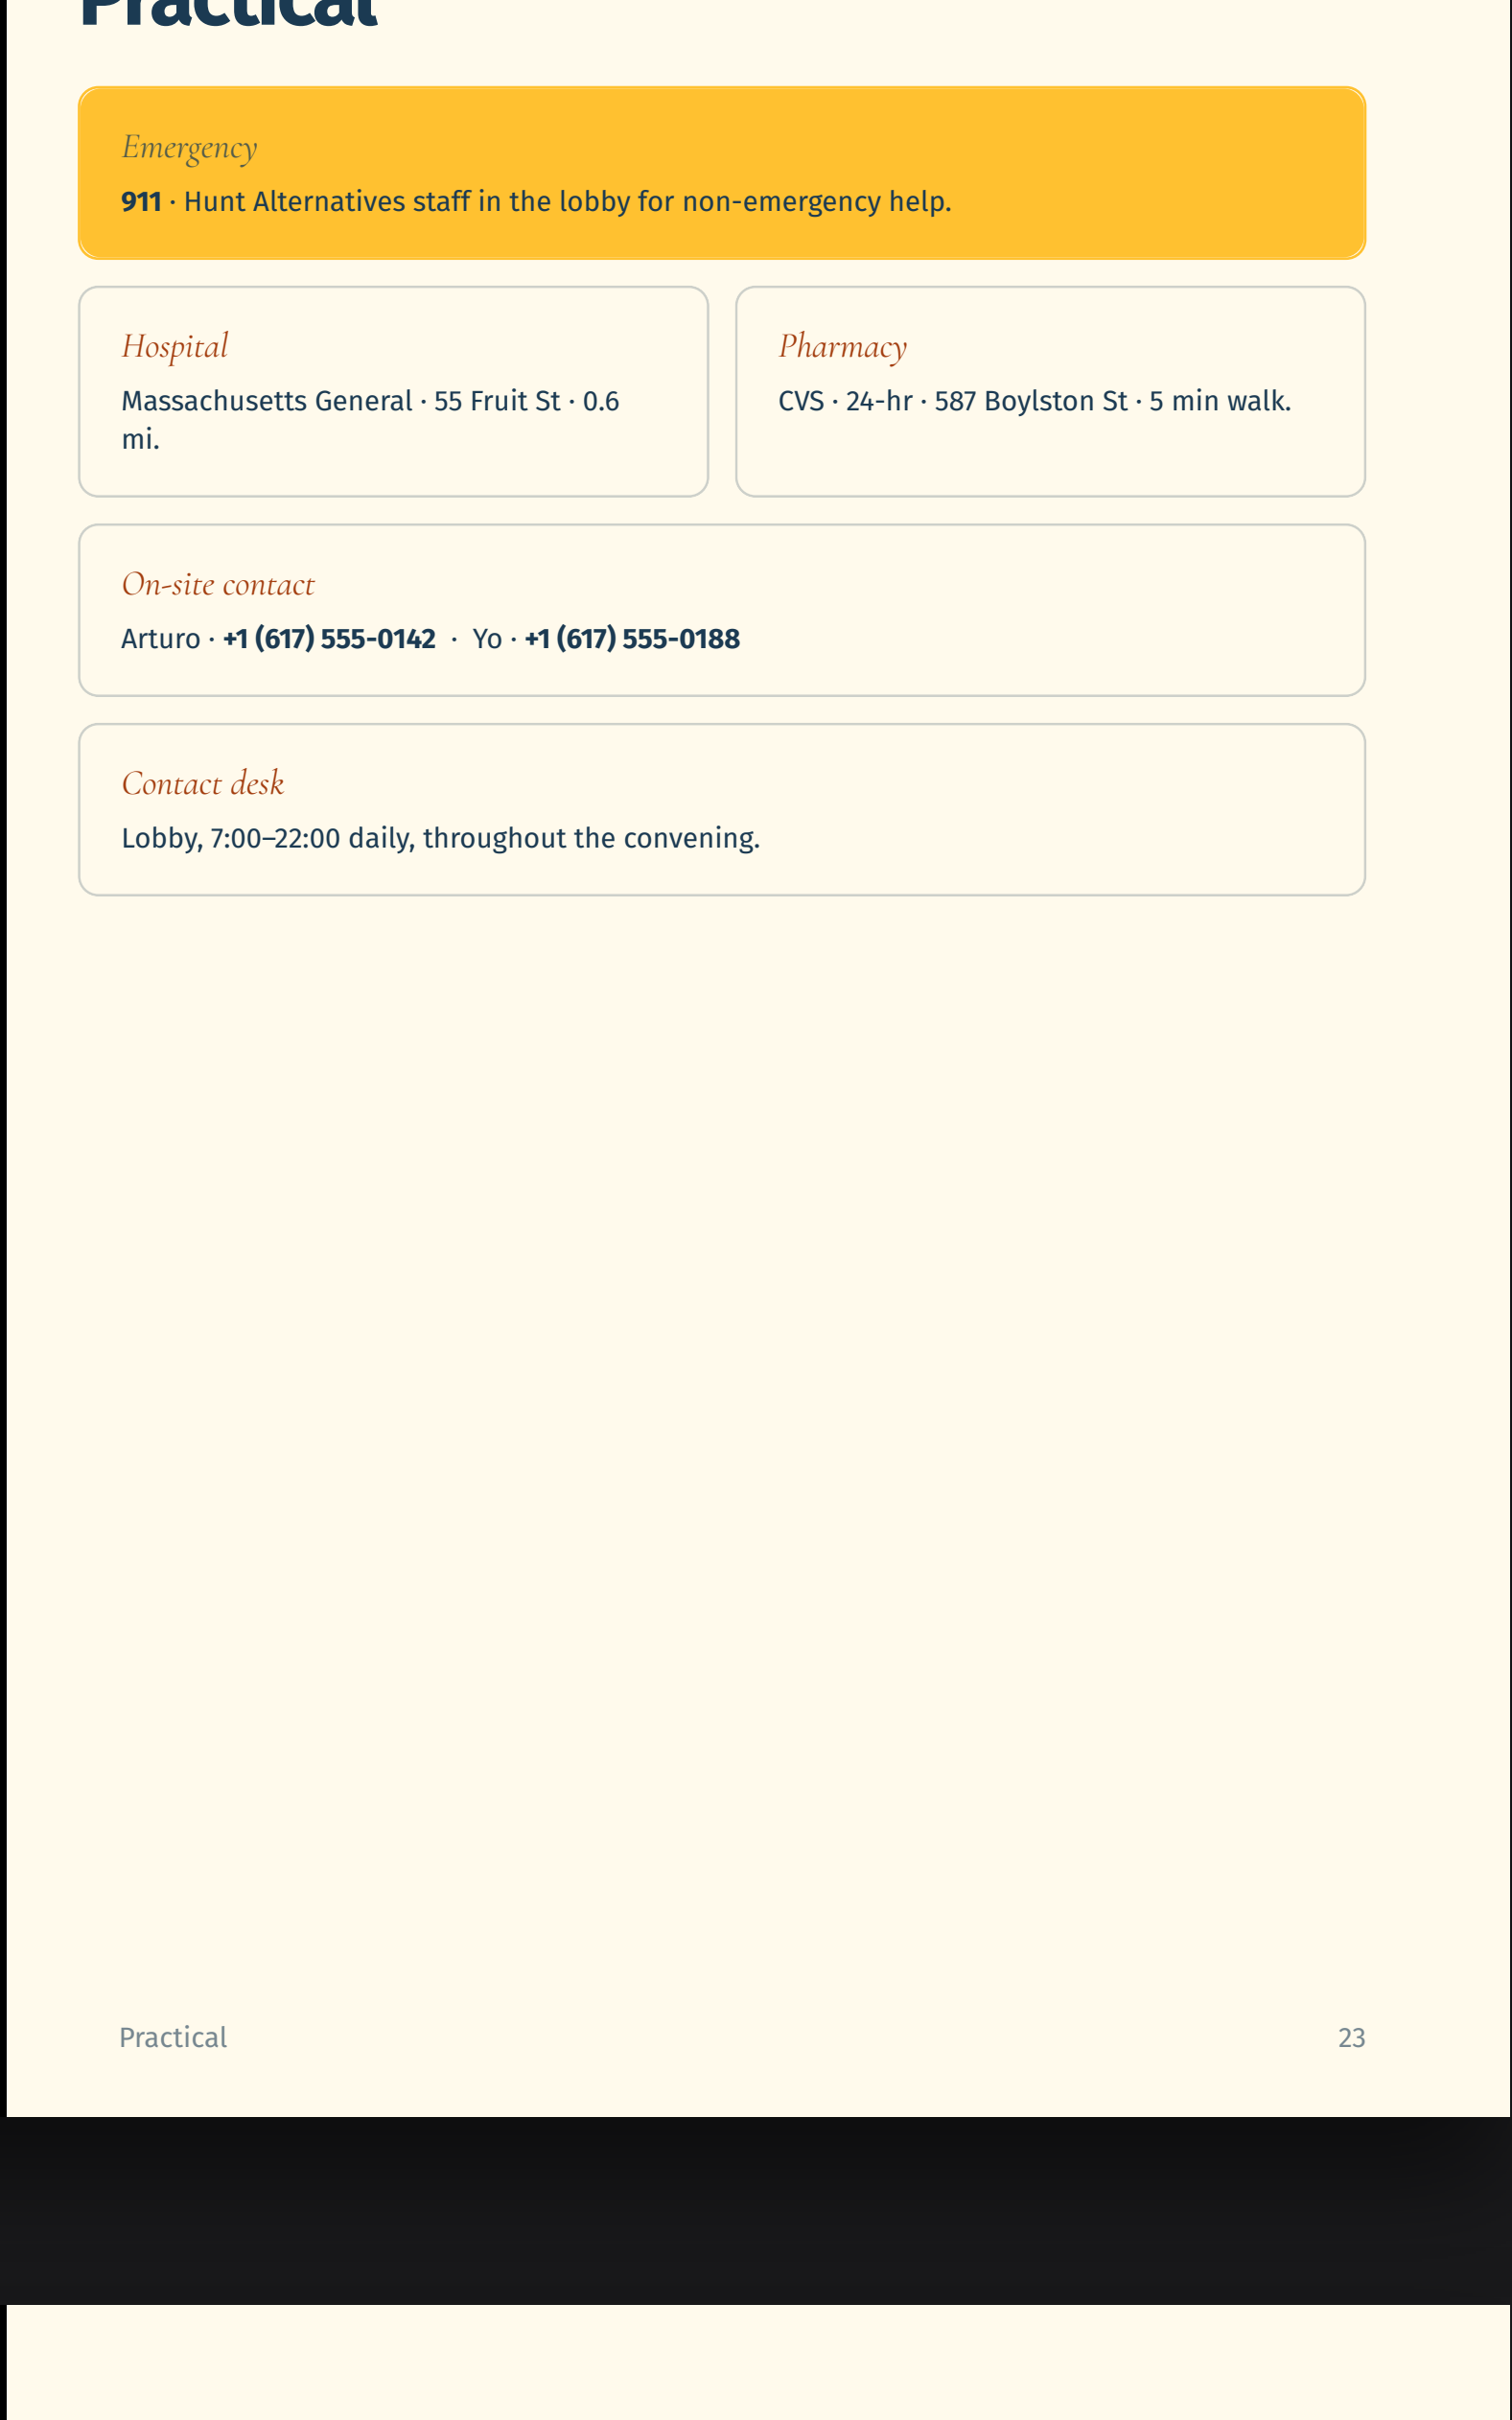

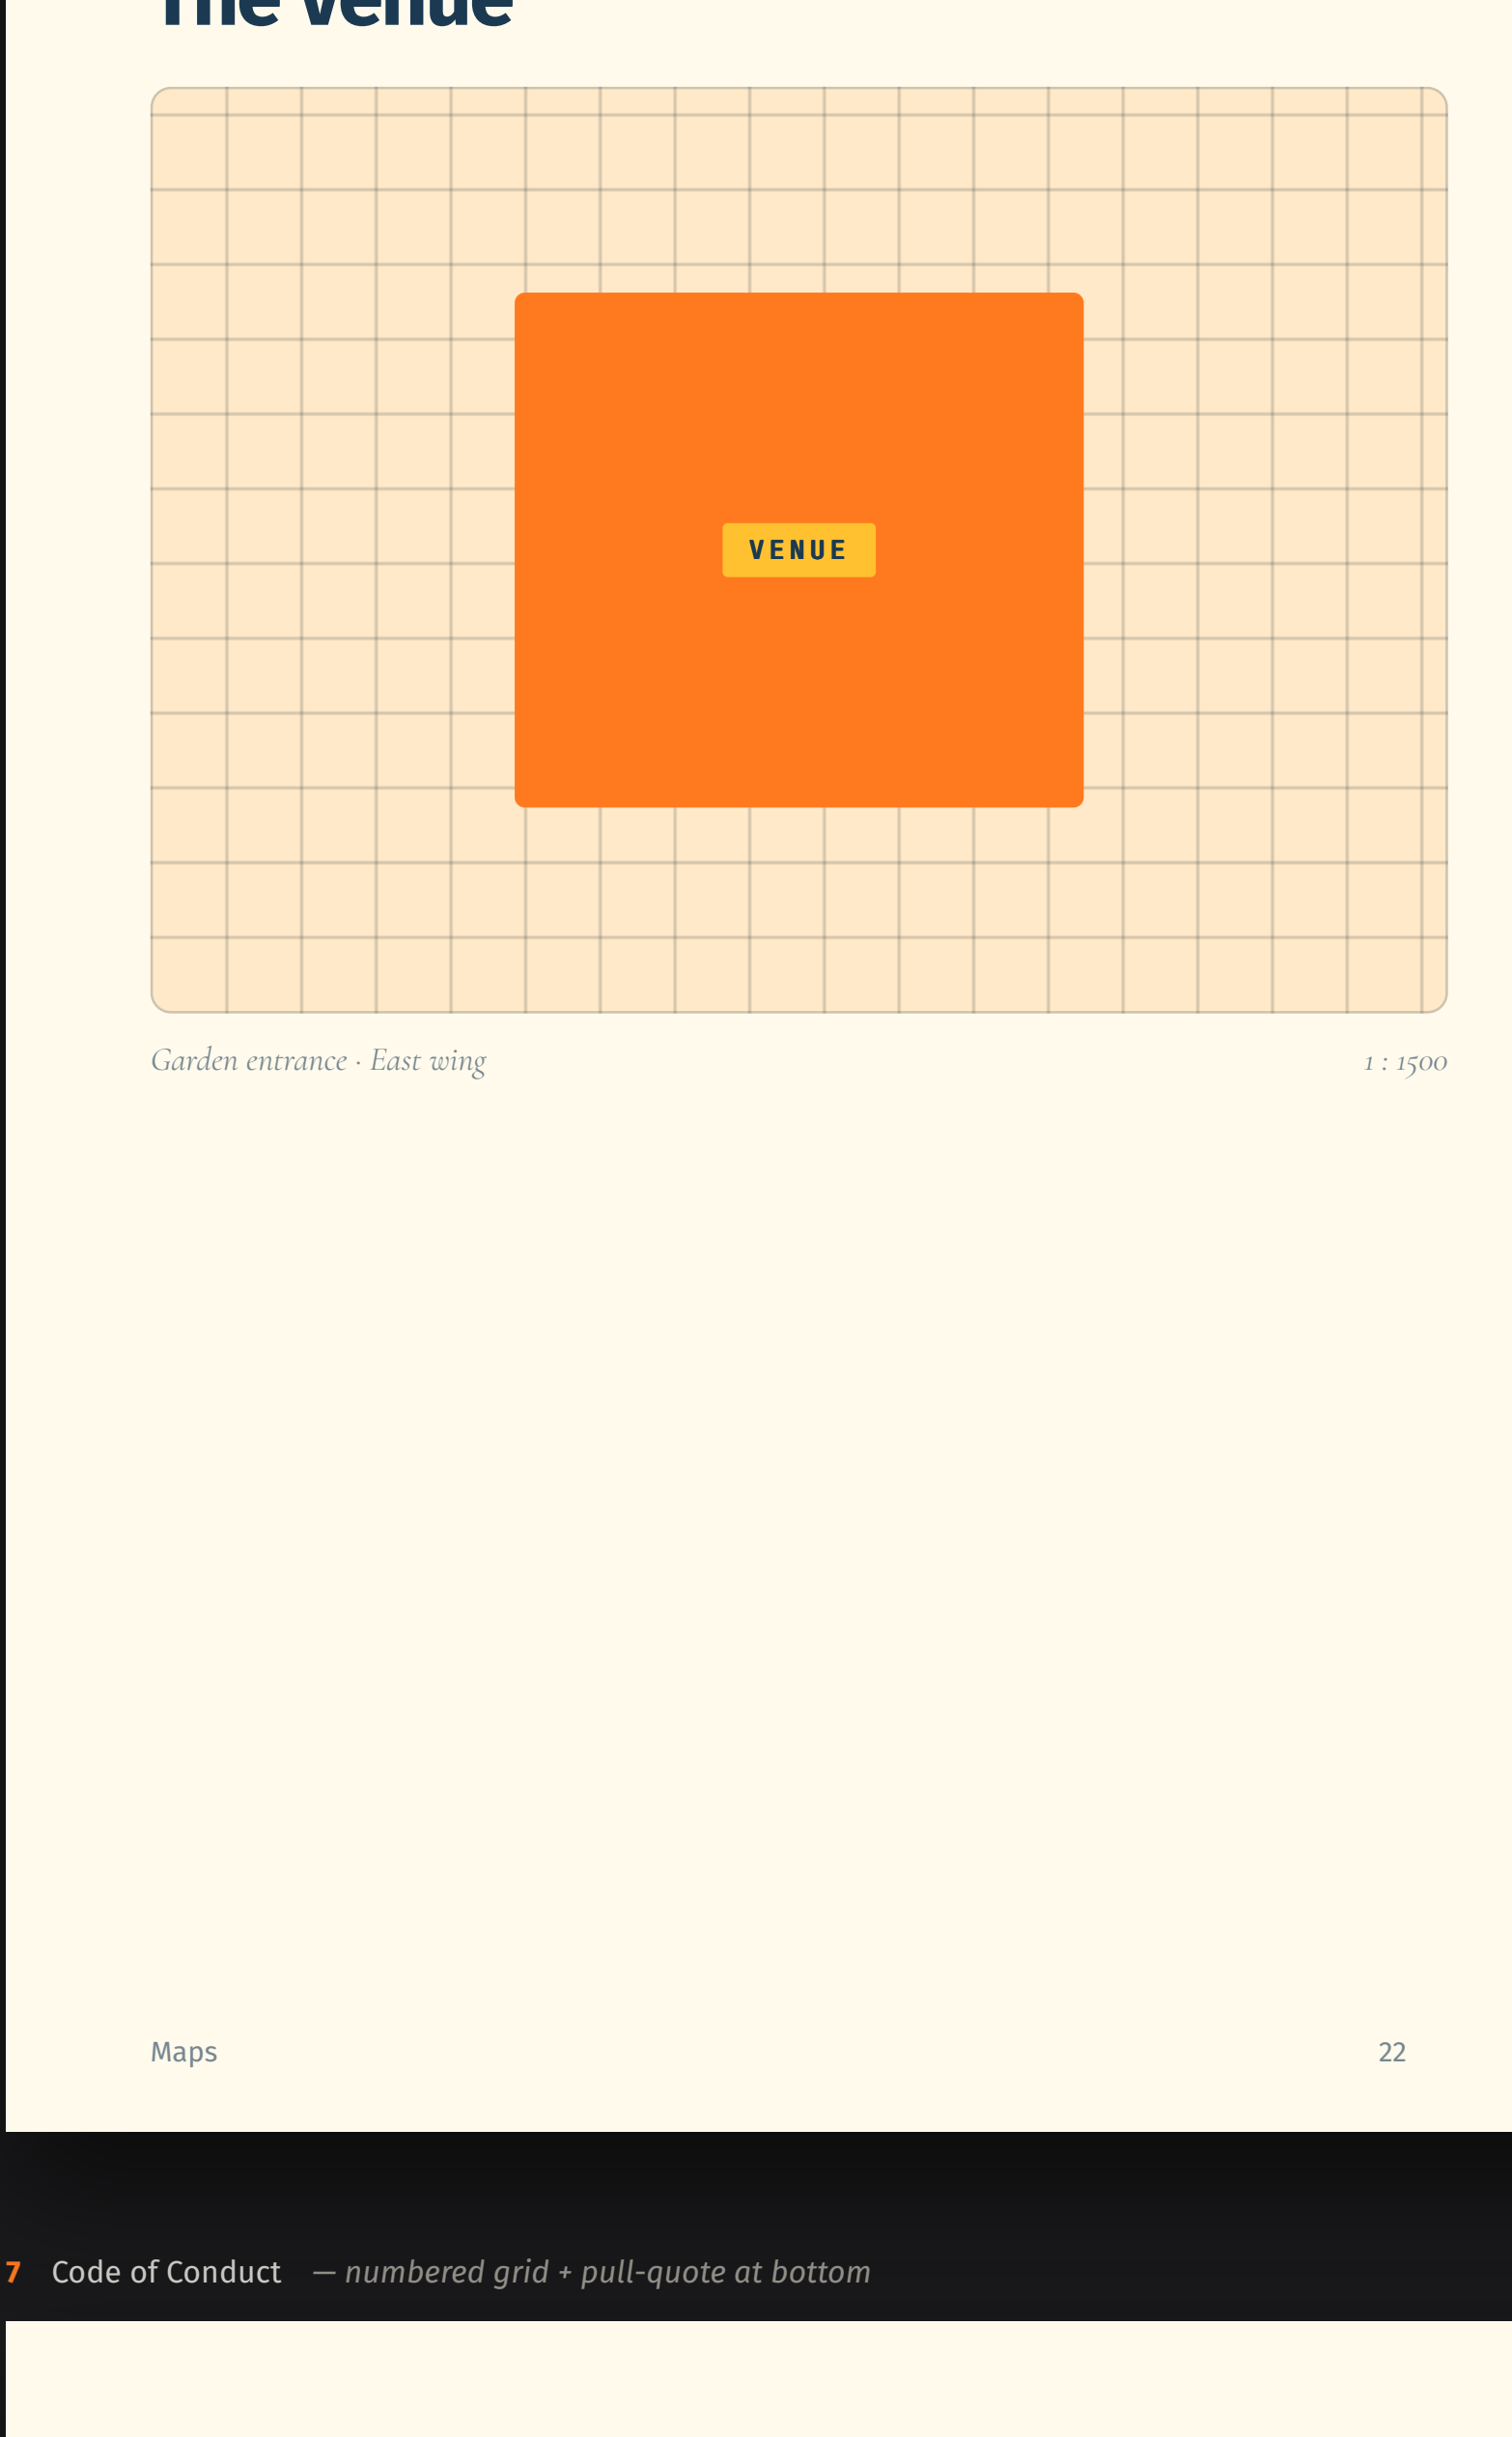

4 Thought piece — Swanee — essay across the spread, with C-style pull-quote

5 Participant bios — Prime Movers — sample spread, 4 entries each side, with inverted orange quote

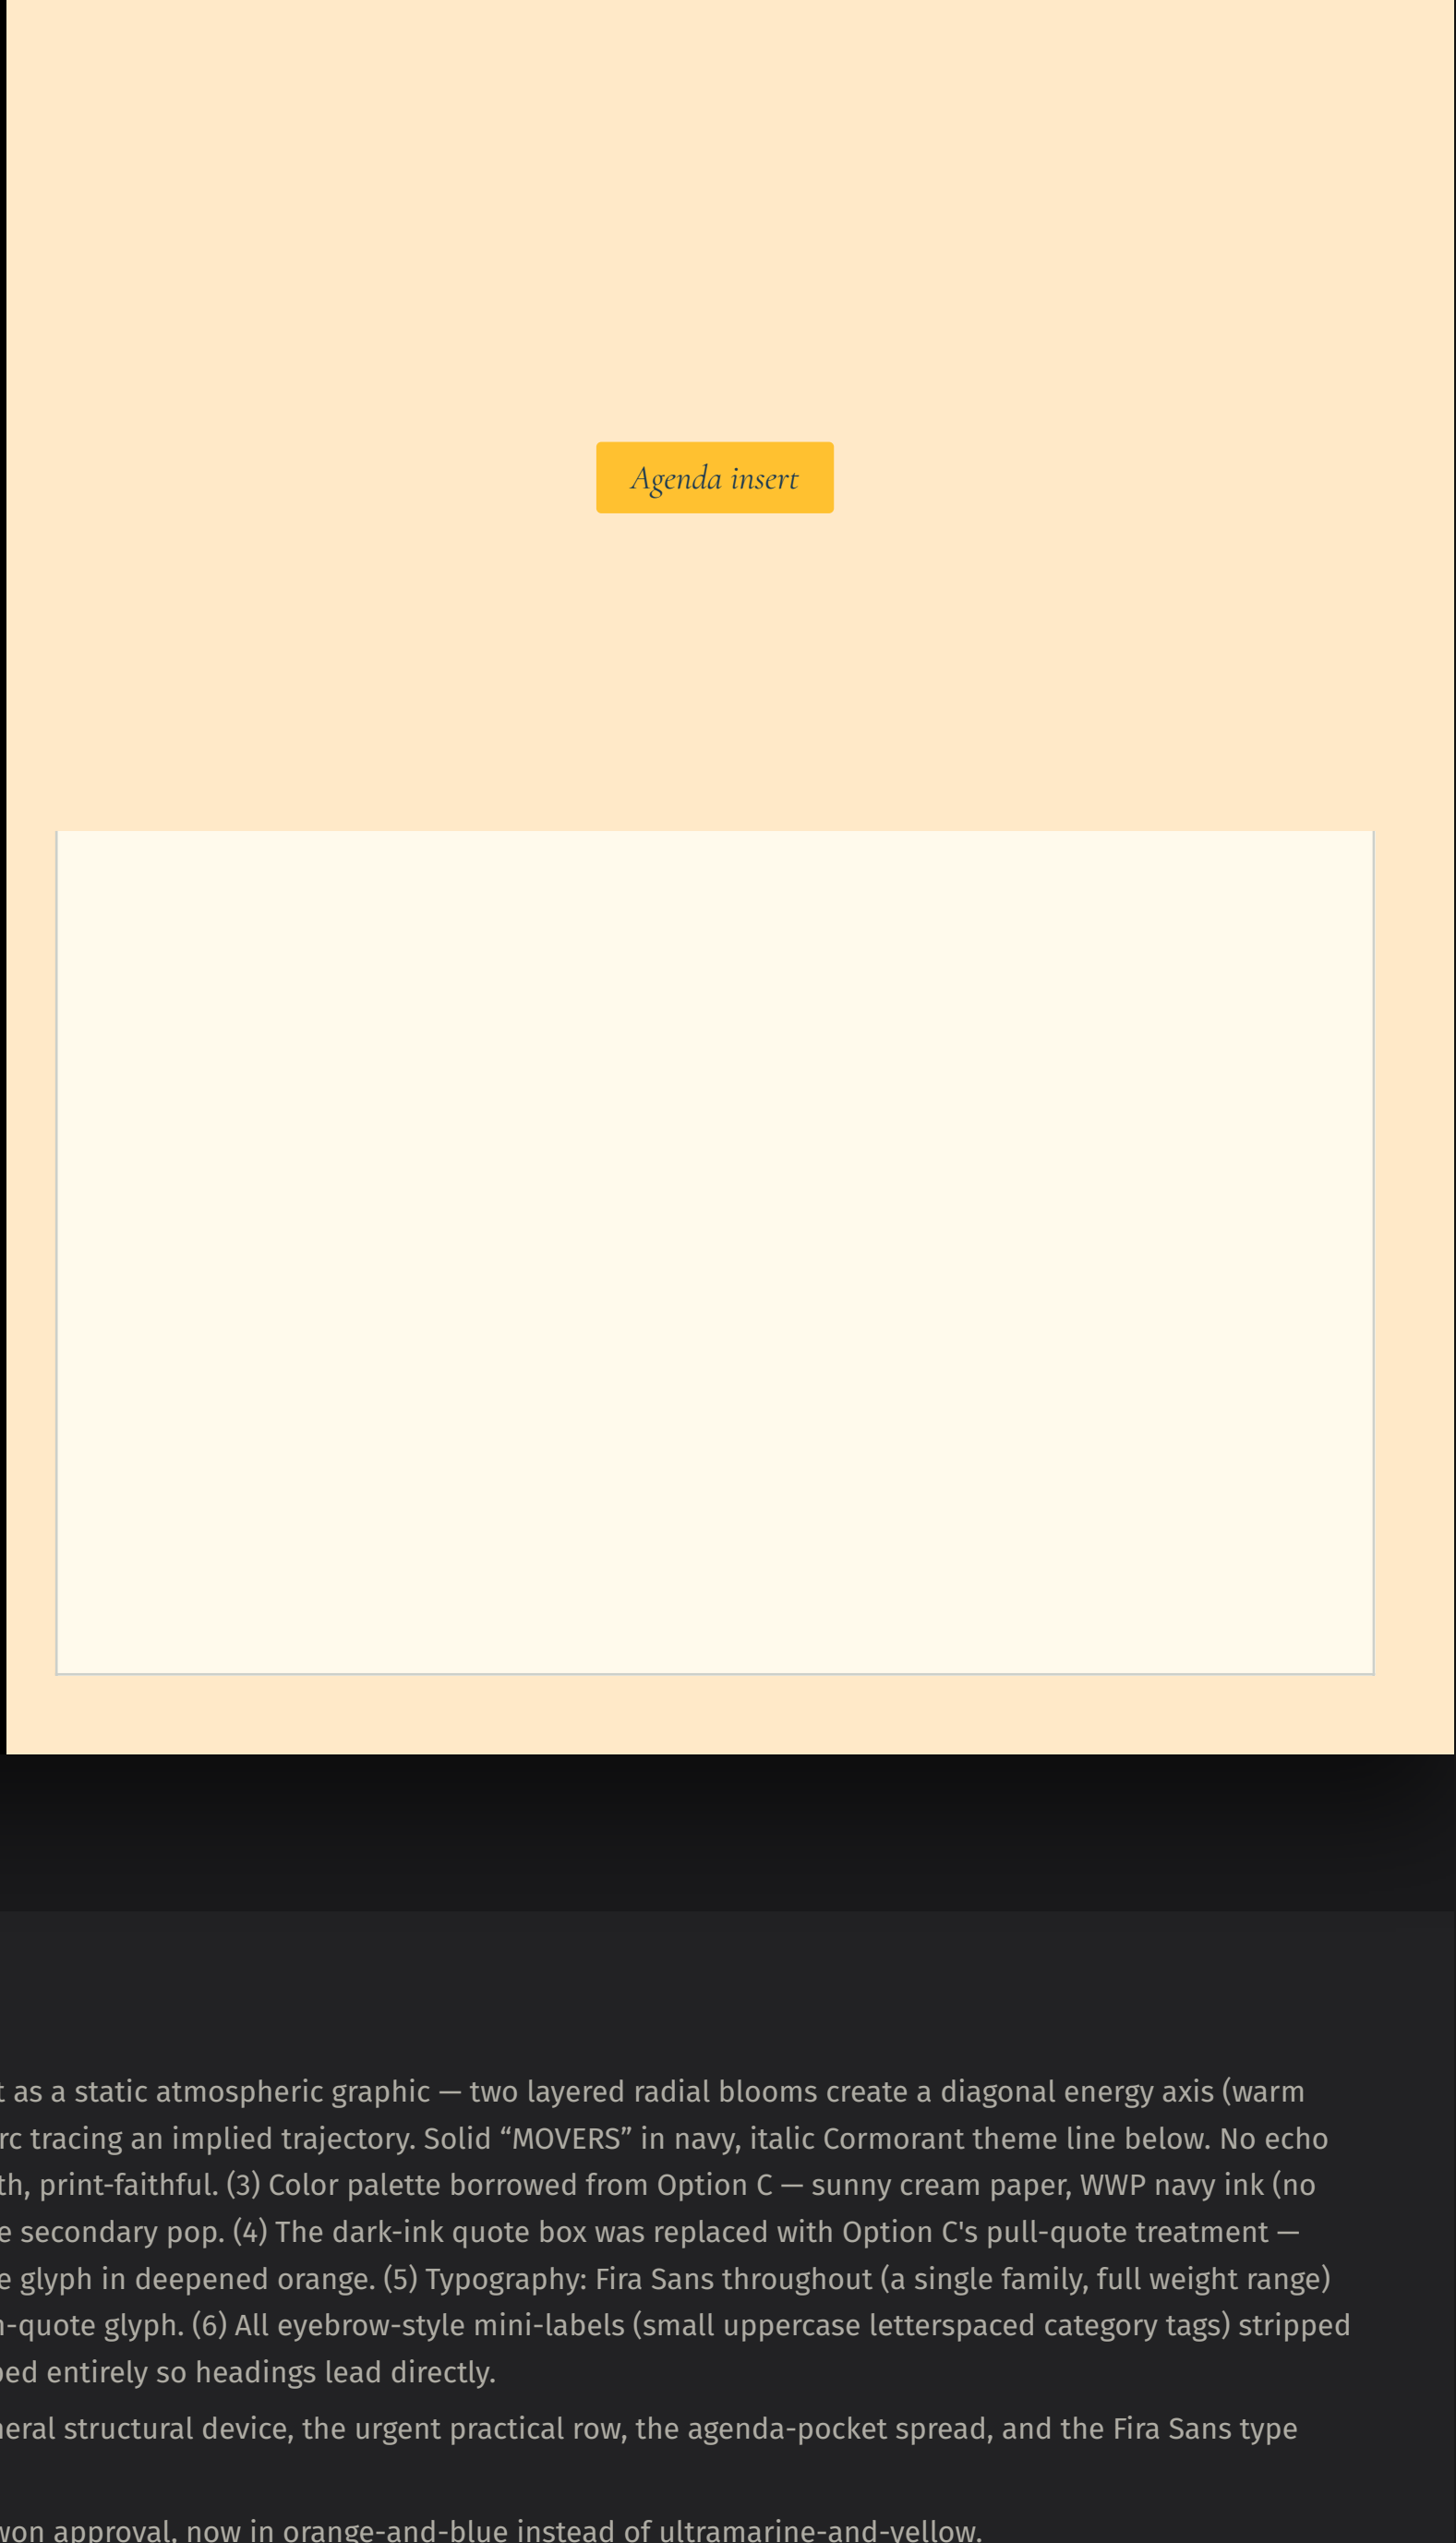

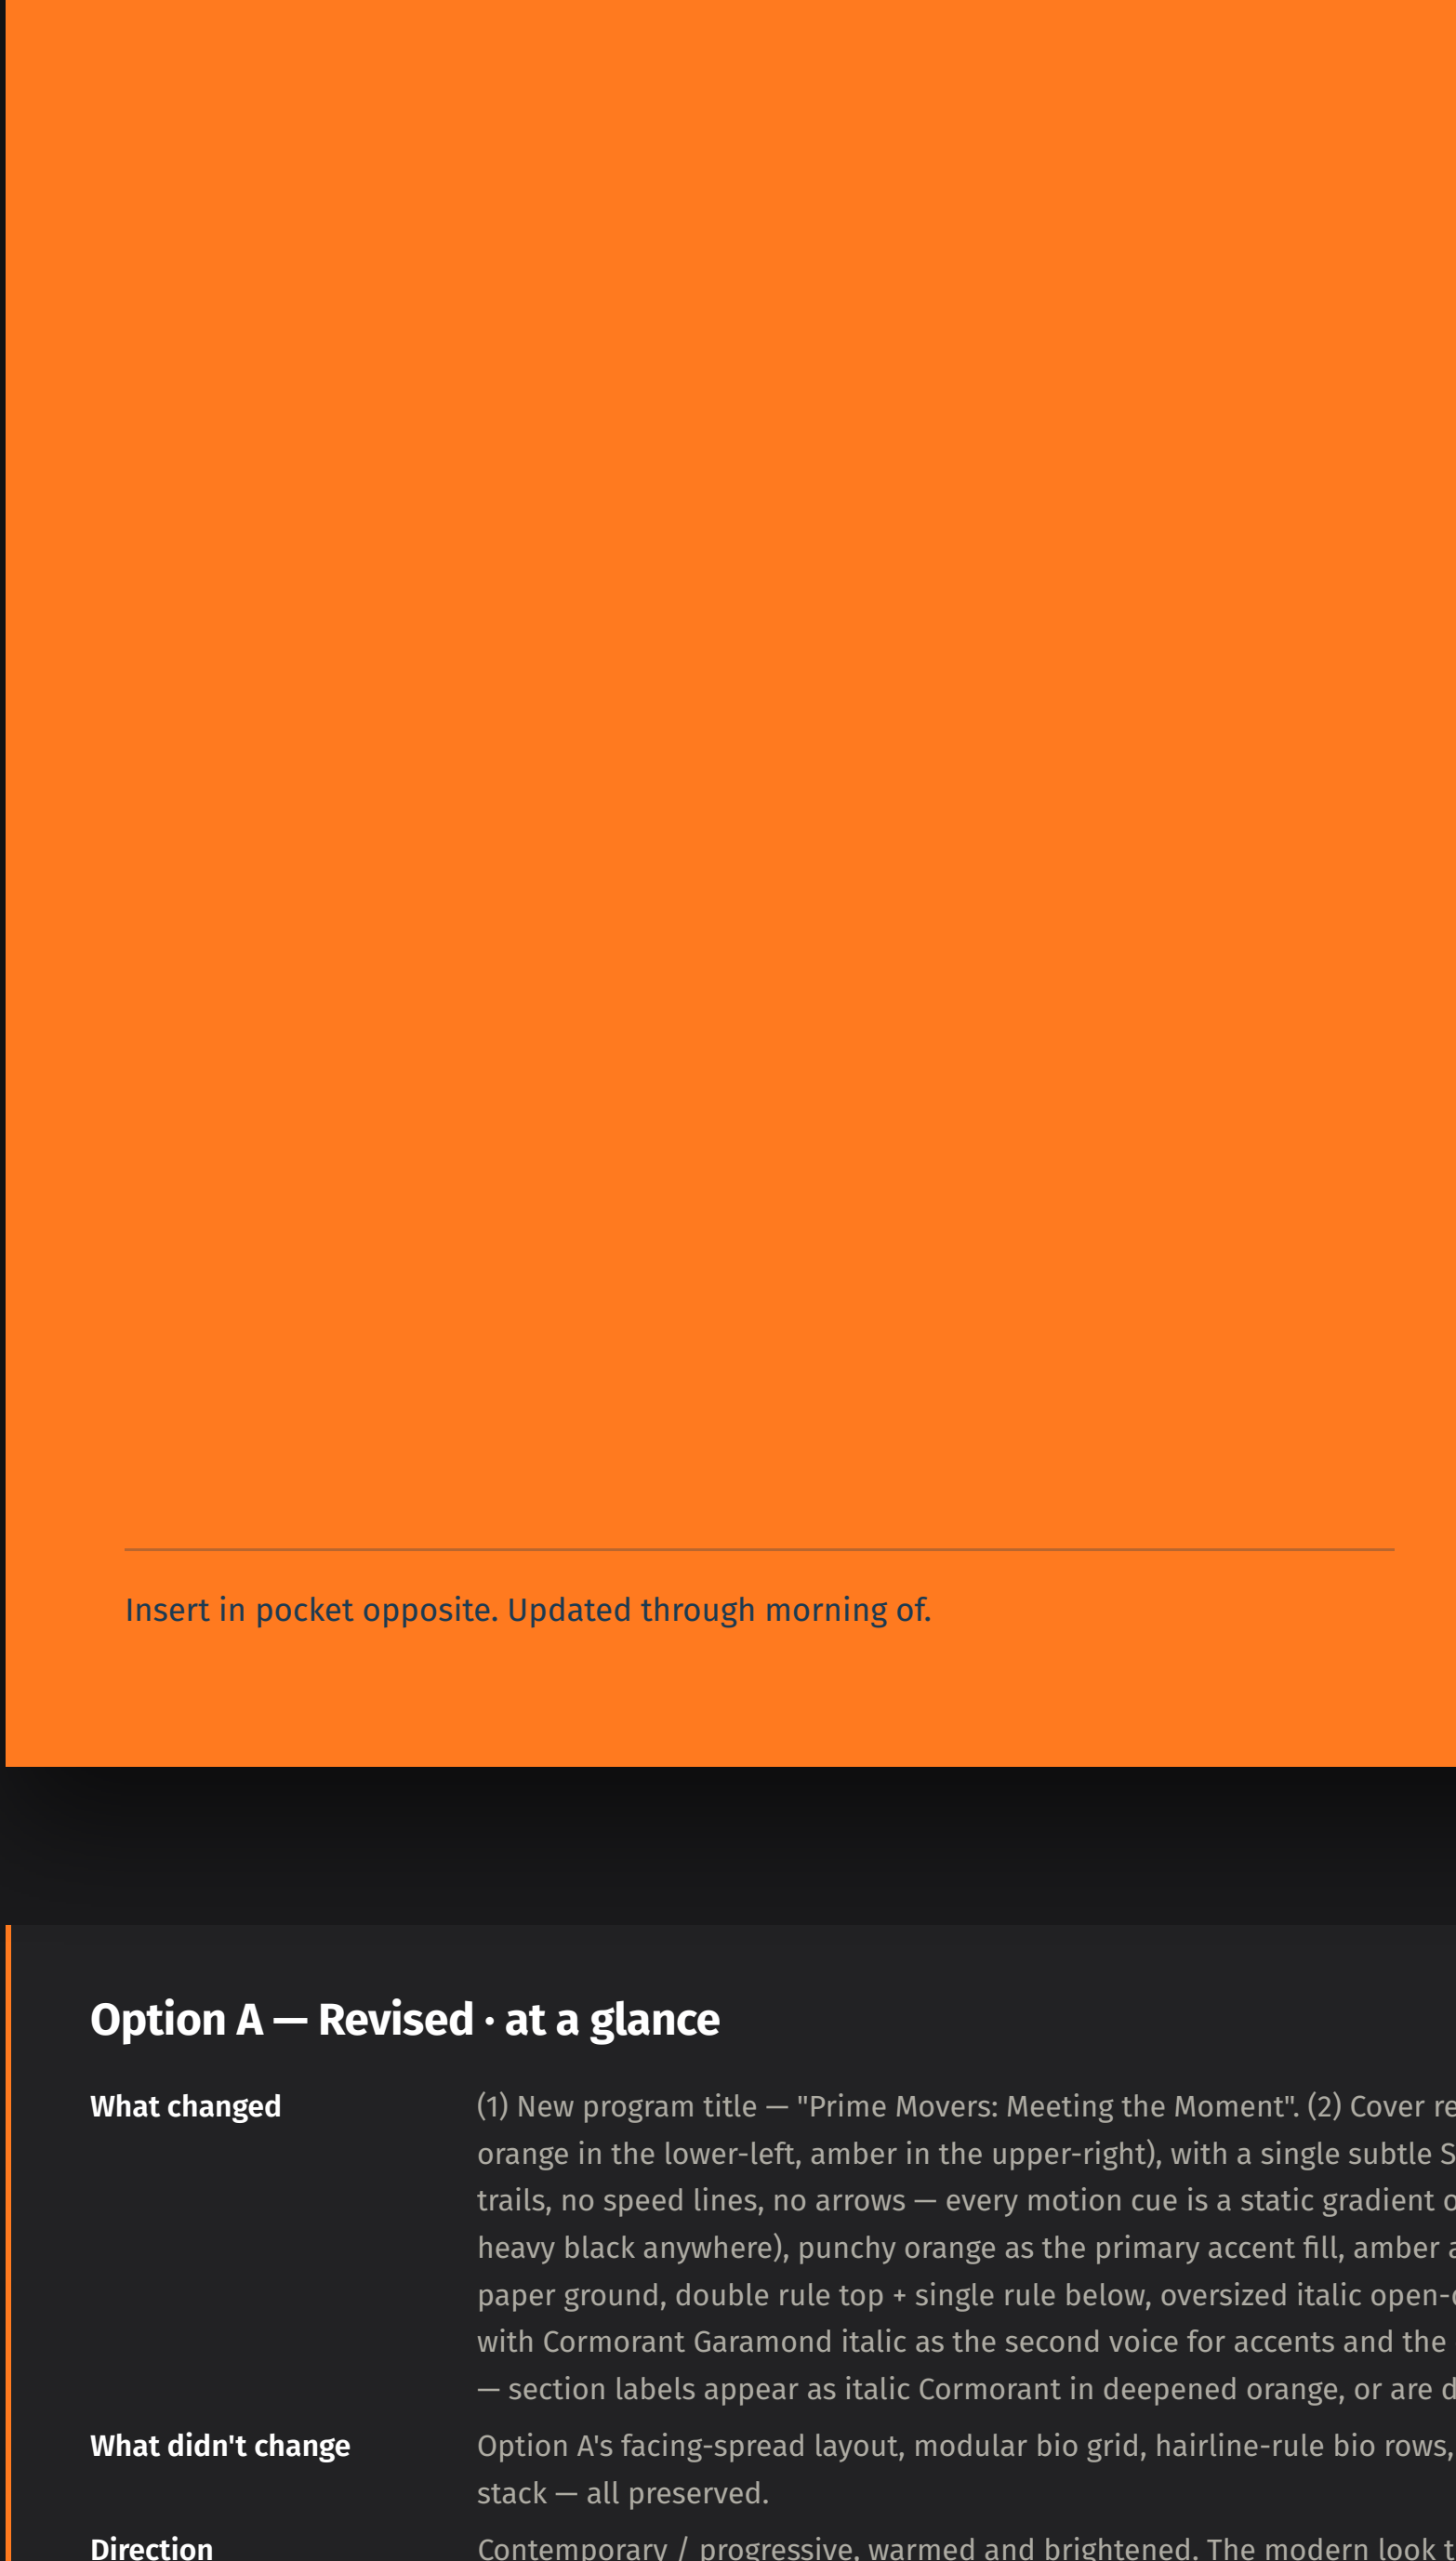

6 Maps · Practical info — left: schematic map · right: practical info as box grid

7 Code of Conduct — modern grid · pull-quote at bottom

8 Agenda pocket page — left: orange marker page · right: inside back cover with pocket

Option A — Revised · at a glance

What changed

(1) New program title — “Prime Movers: Meeting the Moment”; (2) Cover rebuilt as a static atmospheric graphic — two layered radial blooms create a diagonal energy axis (warm orange in the lower-left, amber in the upper-right), with a single subtle SVG arc tracing an implied trajectory. Solid “MOVERS” in navy, italic Cormorant theme line below. No echo trails, no speed lines, no arrows — every motion cue is a static gradient or path, print-faithful; (3) Color palette borrowed from Option C — sunny cream paper, WWP navy ink (no heavy black anywhere), punchy orange as the primary accent fill, amber as the secondary pop; (4) The dark-ink quote box was replaced with Option C’s pull-quote treatment — paper ground, double rule top + single rule below, oversized italic open-quote glyph in deepened orange; (5) Typography: Fira Sans throughout (a single family, full weight range) with Cormorant Garamond italic as the second voice for accents and the open-quote glyph; (6) All eyebrow-style mini-labels (small uppercase letterspaced category tags) stripped — section labels appear as Italic Cormorant in deepened orange, or are dropped entirely so headings lead directly.

What didn’t change

Option A’s facing-spread layout, modular bio grid, hairline-rule bio rows, numeral structural device, the urgent practical row, the agenda-pocket spread, and the Fira Sans type stack — all preserved.

Direction

Contemporary / progressive, warmed and brightened. The modern look that won approval, now in orange-and-blue instead of ultramarine-and-yellow.

Type pairing

Fira Sans (one family, full weight range — 400 for body, 600–800 for display), Cormorant Garamond used in one place only — the oversized italic open-quote glyph that opens every pull-quote, a single C-derived ornament inside an otherwise Fira Sans system.

Palette

R⁺ tokens: Sunny cream paper (#FFFACD) and warm peach (#FFDAB9) for box fills. WWP navy (#1B3A52) for ink — body text passes WCAG AAA on cream. Punchy orange (#FF7A1F) carries accent labels, cover band, pocket page, em-phrase chips; deepened orange (#A33D8E) is the accent-text variant for cream grounds. Amber-gold (#FFC130) is the secondary fill — welcome panel, urgent row, agenda arrow chip; deepened amber (#7A5000) is its on-cream text variant.

Fill patterns

Both bright fills now take navy text on top — orange on cover band, accent module, panel–accent, pocket page; amber on welcome panel, urgent row, agenda arrow chip. No more cream-on-deep-fill; every “feature” moment is bright + navy.

Contrast

Navy on cream 11:1 AAA · navy on orange 4.7:1 AA (large display) · navy on amber 7.3:1 AAA · orange-deep on cream 6.2:1 AA · amber-deep on cream 6.8:1 AA · cream on orange 5.9:1 AA, ink-soft (rgba .78) on cream ~9:1 AAA · ink-faint (rgba .60) on cream ~5:1 AA.

Signatures

Tight grid + hairline rules on bios. Numerals in Fira Sans throughout. The cover device is the word “MOVERS” in solid Fira Sans 800 floating on a layered radial gradient that implies a diagonal trajectory. Two saturated feature moments — orange (gravity) and amber (warmth) — bracket the book.

Quotes

Single quote system, borrowed from Option C: top double-rule + bottom single-rule, centered italic text, oversized italic open-quote glyph in deepened orange. The bios-spread quote inverts the same shape onto an orange ground with navy text. Replaces A’s original dark-ink quote box entirely.

What participants will feel

The same modern movement that won approval — but warmer. Orange + navy reads as celebration with weight; cream paper reads as event, not corporate. Heavy black is gone everywhere.
